YAHOO!

When using any driving directions or map, it's a good idea to do a reality check and make sure the road still exists, watch out for construction, and follow all traffic safety precautions. This is only to be used as an aid in planning.

Directions:

- Take 35W to the Highway 23 exit (exit 36). Go North 2.4 miles. Field Day site is on the right.
- If you reach Pine street and/or the city of Columbus, you've gone too far.

Station list

- Gota – Dana HF on multiband dipole
- VHF/UHF – Perry
- VHF – Rob 6M
- HF1 – Charles HF on beam
- HF2 – Perry HF on wire antenna
- HF3 – Don kenwood HF on hustler 40m
- HF4 – Tim IC706 digital on random-wire
